

Trailer Rental...

We offer a unique no nonsense approach to short term rental and contract hire. Both include our nationwide fleet management service with our 24/7 365 roadside breakdown assistance as standard. This is coupled with access to our online fleet management system which allows you to manage your fleet records and download documents whenever or wherever you are.

... Control your costs ...

Short Term Rental. When you are faced with an increase in demand, but you don't have enough of your own fleet to cover, a short-term solution from us will help you fulfil your obligations to your customer.

From 1 day to several months and from 1 trailer to 101 trailers, whatever you need, we can help. Our full range of box vans, curtainsiders, flats, fridges and skeletal are ready to go at a moment's notice.

We can also help you out with your storage needs as we always have trailers available which can be used as additional warehouse space.

Contract Hire. Our contract hire packages start at 12 months and are ideal if you have a longer-term requirement? On 3 year plus contracts, trailers can be supplied to your full specification and in either yours or your customers livery.

The top 5 benefits of contract hire are:

- Fixed prices - simplified budgeting
- Claim back 100% of the VAT
- Allows capital to be used elsewhere
- Latest specification equipment
- No disposal or risk worries.
