

Accident Damage ...

You've just had the call that every transport owner fears. "Sorry boss but I have been in an accident. I've just caught the top of my trailer. It's not that badly damaged as I was going really slow".

The reality is always worse. The trailer is severely damaged and will be off the road right at your busiest time of the year.

However, there is no need to panic. No matter what damage has been done a quick call into Fleet Assess will start a smooth quick quality repair.

"... Fleet Assess speed up the repair process saving you time & money..."

We know that dealing with insurance companies can take up a lot of your time. By appointing us, we will act on your behalf with your insurance company, allowing you to concentrate on your normal day to day activities.

It won't take us long to have your truck or trailer looking like new again.

We can even supply a rental trailer for the duration of the repairs, to ensure you supply continuous service to your customers.
